

Welcome to ART

Hello and Welcome to ART!

I'm Mrs. Taylor, your child's art teacher. This is my seventh year at MSOS, and I'm excited for another fantastic year filled with creativity and exploration. I look forward to getting to know your child and sharing the joy of art with them! I upload the students artwork through a site called "Artsonia". Our art program receives 20% of the money from items purchased.

Please contact me via email if you have any questions or concerns or if you would like access to your child's Google Classroom (Grades 4-8)

Classroom Expectations

Students are expected to come to class ready to learn and prepared to follow all classroom and school rules. They must follow safety guidelines and use classroom materials as directed. Responsible use of materials, respect for others, staying focused, perseverance, and a willingness to learn are all essential expectations. Ample class time is provided to complete art projects, so there should be no homework assigned for art class. Please refer to grading rubric printed back of this sheet. ***At least 50% of the lessons must be completed to receive a comprehensive grade in Art Class. Each lesson covers different elements of art, so missing lessons may negatively impact overall grades.***

Assessments

Each art project is worth 20 points and is graded using five criteria outlined in the attached rubric, with each criterion valued at 4 points. You'll notice the focus isn't on being a "good" artist. Instead, the rubric emphasizes skill development, creativity, following directions, and positive classroom behavior. For Middle School students, a late work policy applies: one point is deducted for each day an assignment is late. Students are welcome to take projects home or make arrangements with me to complete them during school hours. Students should not during lunch periods without making arrangements with me in advance.

Our Mission

NURTURE-UNITE-INSPIRE

In our art class, we nurture each student's God-given creativity through Christ-centered teaching and artistic exploration; we unite learners in a collaborative, supportive studio environment that builds confidence and fellowship; and we inspire imagination, self-expression, and a lifelong appreciation for the arts.

Primary Art Rubric - What counts

	4	3	2	1
Use of elements and concepts	I used all of the concepts taught	I used most of the concepts taught	I used some of the concepts taught	I didn't use the concepts taught in the lesson
Neatness	Very neat! Perfect	Mostly neat	Almost neat	Not neat at all-very messy
Creativity	Very creative! Original ideas	Somewhat creative-some original ideas	Not very creative-some borrowed ideas	No creative ideas-I copied everything
Followed directions	I followed all of the directions	I followed most of the directions	I followed "some" of the directions	I had trouble following the directions
Work habits	I work quietly and clean up after myself	I chat while working but clean up after myself	I am chatty while I work have to be reminded to clean up	I am loud/disruptive while working and I don't clean up

I do not grade based on who is a "good" artist (as in can draw realistically).

I grade according to the rubrics. Those rubrics consider following directions, neat work, creativity and using the concepts that are being taught. cleaning up, the amount of effort put into the task, etc.

So a student who cannot draw well, but who pays attention, helps her/his teammates,

TRYS their best, and cleans up after themselves can earn an A

Middle School and Intermediate Art Rubric

Criteria	4	3	2	1
Use of pricipals, elements and techniques	Artwork shows priciples and techniques taught during the lesson completely executed demonstrated and in a unique manner	Artwork shows priciples and techniques taught during the lesson demonstrated adequately.	Artwork shows principals and techniques minimally demonstrated	Artwork shows bare minimum of work was completed
Neatness	Work was done with great care and attention to detail and is very neat	Work was done with some care and is mostly neat	Work was done with minimal care and is a bit messy	Work was not done with care and is messy
Creativity	Students work shows a unique level of orignality	Students work shows some originality	Students work lacks originality	Students work shows no originality or creative ideas
Followed directions	Directions were followed completely and lesson was completed successlully	Directions were mostly followed but lesson was completed to plan	Directions were followed partially but lesson was not successful to plan	Directions were not followed at all and lesson was not successful
Work habits	Work was completed quietly and neatly	Work was completed with minimal chatting and some mess	Work was partially completed or completed with many interruptions and reminders	Work was either not completed or completed with many interruptions, reminders and messes
